Dear all –

The previous version of the EPA comments did not include the edit requesting that the comment period be 90 days. The attached update now has that edits and a comment field making the request.

Subject: EPA comments on the draft LD GHG and CAFE preamble and Preliminary RIA

Dear Bill, Justin and Mandy

Attached are our comments on the preamble and the Preliminary RIA.

This is the copy of the Preamble we received last Friday, and the Preliminary RIA comments are on the previous draft from NHTSA.

One additional comment we have on last Friday's Preliminary RIA from NHTSA is that NHTSA should delete from the Preliminary RIA in Chapter 14 the "EPA's Enhanced Flexibilities alternative, as that discussion is already in the Preamble in its entirety.

Please let us know ASAP if you would like us to transmit these comments to OIRA, as I would like to avoid last week's confusion when we provided a markup on the preamble, but that version of the EPA comments on the preamble were not sent to OMB and NHTSA.

Thanks
Bill
